

# ONE-RMA

## 19" Rack Removable Mounting Kit

The ONE-RMA mounting kit allows to install a ONE-500 unit in a 19" rack cabinet between 500 and 900 mm deep. With only 3U high, including ONE-500 installed, it offers a solid fixing base for the equipment and makes it removable to ease the system wiring and maintenance.

The ONE-RMA mounting kit has two high-strength steel guides to completely remove the ONE-500 unit from the rack without disassembling. The kit has locking handles to integrate the ONE-500 unit with the rest of the rack cabinet equipment.

### Features:

- Removable mounting up to 550 mm.
- 19" 3U rack (including ONE-500 unit).
- Locking latches / handles.
- For 19" racks from 500 to 900 mm deep.
